VICTOR SERIES ALUMINUM WATER PUMPS
For 1969-85 318, 340 & 360 c.i.d. Chrysler V8s
Catalog #8877 & 8887
INSTALLATION INSTRUCTIONS

Please study these instructions carefully before installing your new Edelbrock water pump. Failure to follow instruction will void warranty and may cause damage to parts and/or personal injury. If you have any questions or problems, please call our **Technical Hotline at: 1-800-416-8628**, 7:00 am – 5:00 pm, Pacific Standard Time, Monday through Friday or e-mail us at **edelbrock@edelbrock.com.**

- **DESCRIPTION**
  The Edelbrock aluminum water pump #8877 is a heavy duty water pump for both street and racing applications. The pump is a direct replacement for the original equipment pump to provide compatibility with all accessories and pulleys. This high-performance aluminum pump for 1965-85 small-block Chryslers has a unique design that provides increased coolant flow and equal block pressure for maximum cooling and performance. Engineered to directly replace the stock pump.

- **INSTALLATION**
  Installation is the same as for original equipment water pumps. Consult service manual for specific procedures, if necessary.
  CAUTION: Be sure that fan bolts don't protrude through the hub so far that they hit the water pump housing.

- **SPECIAL NOTES:**
  Check closely for any interference with drive belts; some filing for clearance may be necessary with some applications.

- **PLEASE** complete and mail your warranty card. Be sure to write the model number of this product in the "Part #____" space.

- **THANK YOU.**
